

Dear customer,
Thank you for choosing the GreenYard® canopy for campers and caravans. Please read the assembly instructions carefully to prevent damage from incorrect use. Keep these instructions safe and share them if needed. Proper use involves adhering to all instructions in this manual, with special attention to the safety guidelines. Any other use is considered improper and may lead to property damage or personal injury. We accept no liability for damage caused by improper use.

GreenYard® caravan covers provide reliable protection for your caravan

- Protection against dust, dirt, moisture, and damage.
- Breathable, UV-resistant and water-repellent.
- Includes fastening cords with clips.
- 4-layer textile fabric with soft fleece on the inside.

Safety Instructions

- Ensure thorough cleaning of the caravan before applying the cover.
- Protect plastic windows during application to prevent scratches.
- Regularly ventilate the caravan to prevent mold.
- Be cautious with sharp fixings to avoid damage.
- Ensure both the cover and caravan are completely dry before application.
- Check the cover for objects that could cause damage.

① + ② Robust double outer layer: Extremely durable polypropylene is both UV-resistant and water-repellent, impressing with its durability due to the double composite system.

③ Breathable middle layer: The "Aero Mikropore" middle membrane allows water vapor to escape.

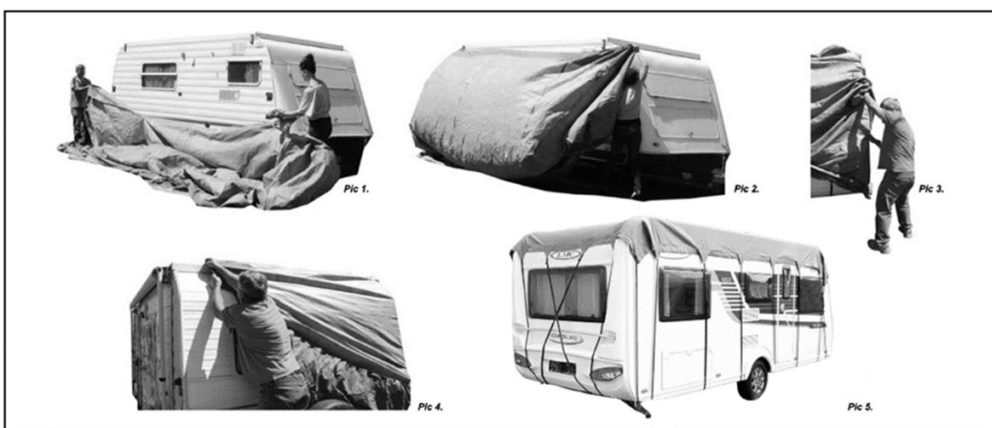

④ Soft inner layer: Scratch protection thanks to the soft polypropylene foil on the inside.

Article Specifications

Size S: 500 x 300 cm; Size XL: 650 x 300 cm; Size 4XL: 800 x 300 cm;
Size M: 550 x 300 cm; Size XXL: 700 x 300 cm; Size 5XL: 850 x 300 cm;
Size L: 600 x 300 cm; Size XXXL: 750 x 300 cm

Covering the caravan/camper Use two people and a ladder for safe assembly. Follow the steps carefully to secure the cover properly. Remove the cover from the storage bag and spread it out on a dry and clean surface.

1. Place the front of the cover (according to the label) at the front of the caravan and pull it along the side to the rear.
2. Carefully pull it over the roof to the other side.
3. Check the fit and adjust if necessary with the fastening eyes on the corners.
4. Ensure all corners are neatly covered.
5. Secure the awning with the fastening cords and clips.

Storage and Packing

Ensure a dry and clean storage place to prevent mold growth.

Cleaning

Clean with warm water and a soft sponge or cloth. Do not use detergents that may damage the coating. Allow to dry completely before storing.

NOTE

- Use the supplied fastening cords to pull the cover over the roof.
- Do not overtighten the fastening cords.
- Avoid assembly in heavy wind or bad weather.
